Complete Search Help and Tips

**The following characters have specialized meaning:**

| Special Characters | Description |
|---|---|
| , ( ) [ | These characters end a text token. |
| = > < ! | These characters end a text token because they signify the start of a field operator. (! is special: != ends a token.) |
| ` @ \Q < { [ ! | These characters signify the start of a delimited token. These are terminated by the end character associated with the start character. |
